astlma, pain in the side and breast, whoopingcough, croup, and all diseases of the liver
and lungs, broken constitution, &c.

THE above is the original and only genuine
preparation from this valuable tree, and has
won its way to public favor by its anparalleled success in curing all diseases of the lungs, notwithstanding the many articles prepared by persons who
have no knowledge of the science of medicine, in
theory or practice; and some, more readily to deceive the unsuspecting, use is part of the name of the
original preparation, such as "balsam of wild cherry," "Phemix balsam of wild cherry," "balsam of
wild cherry and camfrey," &c.—all sprung up with
a mercenary view, after Dr. Swayne's compound
sirup of wild cherry had won a reputation in the
healing art never to be forgotten by many a once
cheeriess fireside. Therefore the public should be
on their guard, and purchase none but the original
preparation, which is daily performing such astonishing cures in pulmonary complaints, after all
remedics had failed, and the patients given up as
hopeless. Thousands of certificates might be published, which would astonish credulity itself; but it
is deemed unnecessary. Below we publish a few of
the names of persons who have been cured by this
wonderful remedy:

Robert Glenn, steward of the almshouse near
Frankford, testifies to the efficacy of Dr. Swayne's
compound sirup of wild cherry, in curing Valentine Chapman, one of the most aggravated cases of
diseased lungs which has ever been placed upon
record, after every other remedy had failed, and his
physician had given him up as incurable.

Mrs. Brown, corner of Second street and Germantown road, Philadelphia, effectually cured of diseased lungs and the symptoms of incipient cousumption, by using four bottles of Dr. Swayne's compound sirup of wild cherry.

R. Jackson, D. D. formerly pastor of the first
Presbyterian church, New York, teatifies to the
efficacy of Dr. Swayne's compound sinup of wild

Or from Charleston to the same, and back, with an offer to supply Key West.

Proposals for commencing said routes at any other United States port on the Atlantic, than as above named, will be considered.

It is intended, out of the foregoing list of routes, to make selection of one to Europe, and one to the Gulf of Mexico and the Pacific, as may best be determined, after proposals for service on all the routes are submitted—not relinquishing, however, the right to place a greater number in operation, if it shall be deemed expedient to do so.

The proposals should specify the number of trips to be performed during the year, and as near as may be, the day of the month on which the vessel conveying the mail is to depart from the port at each end of the route. The department contemplates on route No. 1, a semi-monthly conveyance, for eight months of the year, and a monthly conveyance for the residue of the year; on No. 2, a like frequent conveyance; and on No. 3, the same; on No. 4, a monthly conveyance; on No. 5, as frequent a transportation as two or three times a month; on No. 6, a trip once in two months; and on No. 7, twice or three times a month,

The proposals should specify the mode of conveyance, whether by steam-ship or sailing-packet; and set forth the size, rate, and description of the vessel, with sufficient particularity to enable the decision to be made on the advice of the proper officers of the naval service, whether the same is or is not convertible into a ship-of-war. And special notice is hereby given, that, agreeably to the provisions of the act of Congress aforesaid, those proposals (being acceptable in other respects) will be preferred, which shall engage to carry the mail in a steam ship or ships, and shall stipulate to deliver said ship or ships, and shall stipulate to deliver said ship or ships, and shall stipulate to deliver said ship or ships, and shall stipulate to deliver said ship or ships to the United States, or to their proper officer, on d

Mrs. Brown, corner of Second street and Germantown road, Philadelphia, effectually curred of diseased lungs and the symptoms of incipient consumption, by using four bottles of Dr. Swayne's compound sirup of wild cherry.

R. Jackson, D. D., formerly pastor of the first Presbyterian church, New York, teatifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, and recommends it to the heads of families, having witnessed its wonderful effect in more than one hundred cases, in relieving children of every obstinate complaint, such as coughing, wheezing, cho-king of phlegm, asthmatic attacks, &c.

Abraham Skinner, Crawford county, Pennsylvania, cured of a protracted cough, pain in the side and breast, &c., after being reduced to a mere skele ton.

James Osburn, Washington, Pennsylvania, cured of consumption and bleeding of the lungs, after being given up by several eminent physicians, and having used most of the patent medicines.

This medicine, in all cases, gives immediate relief, and is a safe, pleasant, and effectual remedy, and worth a trial from the most skeptical.

The postage fixed by law upon mailable matter to the transported by these-lines, is as follows: "Upon all letters and packages not exceeding one half ounce, in weight, between any of the ports of the United States mail to reforing protrate, and the ports of Education of an ounce, forty-eight cents; and for every additional half ounce, or fraction of an ounce, forty-eight cents; and for every additional half ounce, sent through the United States and any of the West india islands, or islands in the Gulf of Mexico, sent through the United States and any of the west india islands, or islands in the Gulf of Mexico, sent in the mail between the United States and any of the ports of the United States and any of the ports of the United States and any of the ports of the United States and any of the ports of the United States and any of the ports of the United States and any of the ports of the United States and any of the ports of the united Sta

Economy is no disgrace, for self-preservation is the first line of nature.

O call at William Marshalf's wholesale and retail fashionable clothing establishment, where there can always be found one of the largest and handsomest assortments of clothing, at such astonishingly low prices as were never before heard of. All goods made under my own eye, and by the most experienced workmen.

On hand, a large assortment of sacks, dress and freck coats, overcoats, short and long; plain and quilted vests, pants, shirts, drawers, scarfs, hand-kerchiefs, suspenders, gloves, umbrellas, &c.

MONS. S. CHARTON respectfully informs his friends and pupils, that it is his intention of opening a course of French conversation and French composition, under such arrangement as may suit the attendance of those gentlemen who may be pleased to honor him with their patronage. He would also be pleased to see those gentlemen who applied to him during the summer, and such others as may be desirous of commencing the study with him, as he intends opening a class for beginners so soon as six acholars shall have been engaged.

The Chartonian System, otherwise the system of nature, under which his pupils have so much profited, proving to conviction its superiority over all other methods of teaching the French language, wants but to be known to be appreciated.
